

## How to set up your email account on an Android phone

1. Tap the Apps button and locate your built-in email application
2. Open the apps settings and select **Add Account**
3. The device will now ask you to Select account type you want to use
4. Choose **Microsoft Exchange**
5. Enter your **Freeborn email account and network password** and click **NEXT**
6. Click **Allow** on security
7. Click **NEXT**
8. Click **DONE**
9. Click **ACTIVATE**
10. Click **UPDATE** to update security settings
11. Open the Email app to view Freeborn emails

\*Remember all Android phones DO NOT run the same operating system, therefore, settings may be in different locations.
